(206) 226 - 2838
RICHARDLUNG09@UCLA.EDU

Objective
To acquire practical skills through a summer internship as a software developer.

Education

B.S., Computer Science   2012
University of California Los Angeles, Los Angeles, CA. In Progress.

Associate, Science   2010
North Seattle Community College, Seattle, WA. Graduated with honors.

Projects

Graphics Editor	: create a paint-like program implemented in Java.
Mini Ocaml	: create a simple interpreter for Ocaml.
Spell-checker	: create a spell-checker for a words-based file.
Sorter	: create a sorter that reads N-byte records from standard input, sort them in lexicographic order, removes duplicates, and outputs the result to standard output.
Defuse Bomb	: crack codes in assembly for a bomb program to defuse them.
